Chip,

Just in case you need some support on the raw fish question.

Matt

PHers

FYI - Another Portland Harbor letter has arrived to fill the "no significant issues" void that I mentioned in the TCT cancellation notice. Members of the Oregon Congressional delegation that attended the August meeting and boat tour/press event sent the attached letter to EPA Administrator Jackson. There are number of specific questions related to PRGs and HHRA exposure scenario, a lot of it familiar ground (although I didn't see clam consumption in this one). We will be working with EPA HQ on a response.

Also a reminder for the Eco group - we will be having the weekly check-in call tomorrow.

thanks
Chip
